

Are You Too Fat?

If You Really Want to Reduce Your Weight, Follow This Simple Plan

Mrs. Fallon sends a communication which is being printed here as account of the genuine interest manifested by many other readers:

"Tell these of your readers who would like to be free of the embarrassing, hindering burden of overweight without the objectionable following of drastic rules of eating and exercising, to try the same, simple and safe plan of open-air, deep breathing combined with the use of oil of korein and the other simple directions that come with it.

"A box containing a liberal quantity may be secured from any drugist.

"With a simple, inexpensive and dependable means such as this, why should anyone continue to carry around a great load of surplus fat? Every reader who desires to get down to normal weight should lose no time in making use of this information. It is a simple, safe plan, is said to reduce the weight harmlessly, quickly and pleasantly, also to materially aid digestion, improve general health, benefit the figure, replace sluggishness with buoyancy and to leave firm flesh and smooth skin in the place of sagging, lumpy fat. Remember the name—oil of korein, in capsules.

A Home Treatment for Asthma

Makes Breathing Easy

A Worcester, Mass., doctor has suggested the following simple, harmless and inexpensive home treatment for bronchial asthma, chronic bronchitis and coughs which relieve to affect the lungs.

Take a few capsules of oil of korein, or any reliable drugist, and breathe the vapor of the essential oil tablets and slowly dissolve one tablet in a glass of water. Though harmless and pleasant, they are so powerful in their action that even in the case of children, they come in just a few minutes.

Many users of this remedy have been obliged to sit up in bed gasping for breath and unable to sleep that they now take an oil of korein tablet when going to bed and can then lie down and breathe easily and naturally and get a good night's restful sleep.

Druggists everywhere are selling oil of korein tablets and guarantee to refund the full purchase price of the tablets if they fail to give relief in any case of bronchial coughs or asthma.

JUDGE WARNER'S WILL TAILED BY PROBATE COURT

Everything in the call for the annual town meeting was given a vote in the affirmative Tuesday night, except the proposition for the junior high school, but it took two votes because Judge Barnes could finally decide that the resolution to table this matter had been carried.

Although it was a bad rainy night, the citizens turned out strongly and the town hall could not hold the crowd which stretched out into the streets with probably 1,200 people present, occupying every seat and standing several rows deep behind the last row of seats in the hall. Those who are registered voters may vote on school questions and twenty-five or more of these have been interested by attending the meeting and adding the treble of their voices to the deeper tone of the town hall.

Four or five small boys who were marching around the city during the afternoon carrying small banners, were also at the meeting with the banners leaning against the desk rail. Among the most active in the hall were the boys. They were "Don't be slackers, don't be fools, vote for us and help the schools" and another vote the schools.

At the request of First Selectman Casper K. Bailey, who called the meeting to order at 8 o'clock Henry H. Pettis, town clerk, called the meeting to order. Town Clerk Charles S. Holbrook read the call for the meeting. The reports of town officers, presented in the form of a resolution, were read. The amounts recommended by the selectmen were voted as follows:

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Promotes Food Fermentation, Relieves Gassy Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion you have already tried peppermint, soda, charcoal, drugs and various digestive aids, and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and despairing, try the effect of a little bit of Magnesia. It is the only natural, harmless, non-toxic, non-habit-forming, non-digestive aid, and you know these things will not cure your trouble—in some cases do not even give relief.

Take a teaspoonful of the powder or two compressed tablets with a little water after your meal, and see what a difference this makes. It will neutralize the stomach acidity, which now causes your food to ferment and produce gas, and the bloated or heavy, lumpy feeling that seems to follow food.

You will find that provided you take a little Magnesia after each meal, after a while you can eat almost anything and enjoy it without any discomfort or pain or indigestion. Moreover, the continued use of the "Bayer" Magnesia will gradually rid your stomach in any way so long as there are any symptoms of acid indigestion.
